The 1998 TMS Planning Committee is soliciting your input for specific training/workshop content, that will address your agency's most significant training issues. The committee requests that you do an agency "Needs Assessment," and return this form to the committee by April 15, 1998.

Please identify your agency's three most significant training issues:

What information/assistance do you feel you need to address these issues?:

List any workshop or training resources you are aware of, but have not utilized, that you feel would be beneficial in addressing your specific issues:
